### LAWN AND GARDEN and FIELD SOIL SAMPLING

Select your soil test package on the Lawn & Garden Soil Submission Form.

The Complete test is suggested; this will give you a look at everything. Later, after you have fertilized or learned from this upcoming test that the micronutrients are at optimum levels, the next time you soil test you can do the routine or basic test.

- **BASIC Includes: Potassium, Phosphorus, Organic Matter, pH, Soluble Salts, Lime, and Fertilizer Recommendations -- \$18**
- **ROUTINE Includes above Basic Package, plus: Calcium, Magnesium, Cation Exchange Capacity, and Base Saturation -- \$22**
- **COMPLETE Includes above Routine Package, plus: Boron, Sulfur, Manganese, Zinc, Copper, and Iron -- \$30**

Mail soil in a large envelope (or small box if you have more than one sample) and tape the mailing sticker onto the envelope or box.

Mail the sample(s) and the completed submission form to the lab:

**AgSource Laboratories**  
106 N Cecil St  
Bonduel, WI 54107

An invoice will be sent to you for payment, which will include \$5.00 for postage.

*Prices subject to change.*
