

Project Information

The Door County Barn Quilt Project was organized in 2010 with the following goals:

- Promote the rich agricultural heritage of Door County
- Provide education about the art and history of quilting
- Highlight the architecture & historical significance of barns throughout Door County
- Encourage economic development by promoting rural tourism
- Build strong adult-youth partnerships

Door County Barn Quilts are colorful, painted wooden quilt squares that are about 8 ft square. Quilt block colors and designs were chosen by the barn owners, often inspired by family heirloom quilts.

The barn quilts were painted by 4-H members and leaders, FFA members and alumni, local quilt guild members, other youth and adult volunteers. They were assembled and installed by volunteers who donated their time, equipment and wood-working skills to create a “clothesline of quilts” throughout Door County.
